

Spare Parts

Extended warranty

Profit from the benefits of an extended warranty period. Based on your needs we can extend the warranty period for your whole tool.

Your need	During the warranty period for your tool you profit from an outstanding level of service across different fields, e.g. quick reaction times, parts replacement, on-site support, etc. Do you have a new tool and do you want to make sure that you can continue to profit from this very high service level at no further cost?
Our service	The service is quite simple: we extend the warranty period of your tool.
Your benefit	<p>“Warranty extension” means a full carefree package. You profit from</p> <ul style="list-style-type: none"> ▪ immediate on-site support and/or intervention when needed ▪ Replacement of parts with defect ▪ express repair (off- and on-site) ▪ you can focus on one point of reference regarding all the issues you have. It’s quick and easy when you only have to work with Evatec!
Want to know more?	<p>We offer Extended warranty as a stand-alone service or together with a bundle other services of your choice.</p> <p>Warranty extension makes sense when combined with Parts & Consumable Kits and or Preventive Maintenance.</p> <p>Send an email to our global service office at cs.global@evatecnet.com or contact your local sales and service office at https://evatecnet.com/about-us/sales-service/</p>
